

Who we are

Microscan has grown into a premier provider of all-fiber, high-performance networking solutions. With over 1800+ Kms of proprietary fiber infrastructure spanning Mumbai, Navi Mumbai, Pune, Kolhapur, and Goa.

Licenses we hold: Class A Internet Service Provider (Pan India), NLD Service Provider, Infrastructure Provider 1 (IP-1), and Cloud IP Broadcast and Distribution.

Business Offerings

Ultra Low Latency Solution for Financial Institutions

Microscan is a pioneer in providing low-latency solutions within India connecting major exchanges. Our investment in infra and technology has enabled us to offer faster routes to our esteemed customers dealing in high frequency stock trading.

We help financial companies to get true real-time market data, speed up order execution, access new trading venues, and reduce IT costs.
